Photos:

Lesson 2: Be Respectful to Yourself and Others

You will learn:

Learn about rules of Online Citizenship.

Bully Online?

Actions to take with online violators

- **None**
- **Tell an adult (teacher, parent, etc.)**
- **Flag message.**
- **Block user.**
- **Delete message.**
- **Inform administrator.**
- **Contact law enforcement such as Cyber Law Enforcement Organization and report cybercrime.**

Lesson 3: Street Smart

You will learn:

- **Learn how to use common sense while navigating the streets of CyberSpace.**

Activity: Choose your friends

You will learn:

- **To evaluate messages from strangers online and use common sense in choosing with whom to connect.**

Scenario 1

You are on a popular social network and you get an invitation from a stranger asking if he can be added to your network.

Jason: “You seem like a fun person to hang out with. Let’s have some fun together! Can you add me to your Friends list?”

Scenario 2

You get a text message on your cell phone from someone you don't recognize.

“Hey, this is Jen! Remember me from the summer?”

Scenario 3

You get an email from someone you don't know. You just finished putting together a website with links to Hip Hop music.

Subject: Your website

Body: "Hey, I just saw your cool webpage. What is your phone number? I want to talk with you about it in person. I have a wonderful offer for you, worth a lot of money!

Philip"

Scenario 4

You attended a party last night. The next morning you get a message to one of your favorite social networks.

“Was great seeing you last night. Great party! Can I join your friends list?”

Scenario 5

After Math class with Mrs. Beckstrom you get this message on your cell phone.

“I am Mark from your Math class with Mrs. Beckstrom. Did u understand the homework?”

Scenario 6

You get a chat from someone who you are not familiar with.

“I saw you in math class today. U R CUTE!
What is your address? I can come over 2
hang out.”

Wrap Up

In this workshop you learned:

- **How to protect your personal information and create strong passwords.**
- **How to protect your privacy online and manage your reputation.**
- **Rules of good online citizenship.**
- **Rules of specific communities online, such as YouTube.**
- **To use common sense when connecting with strangers online.**
